Dear Sirs :

We are pleased to certify that Heat Exchangers (shell and tube condensers and chillers), which we have been buying from you for our various air conditioning and refrigeration plants have given us excellent service.

The mere fact that we have been dealing with your concern for the last four years and have been giving substantial orders every-year speaks highly of the quality of your products.

Thanking you,

Yours faithfully,
for KIRLOSKAR PNEUMATIC CO. LTD.,
